What is
StamEuropa ?

Located in the heart of the European neighborhood of Brussels, StamEuropa is a third place dedicated to the exchange and dialogue, open to all citizens, European institutions and European actors. A physical and virtual meeting space to combine face-to-face interactions and online

Because democracy also needs conviviality with a new environment and modern tools.

StamEuropa, it's the renovation of a building empty for more than 15 years to transform it into a house of democratic dialogue in the heart of the European neighborhood.

Temporary occupation to host in this new space workshops, seminars and conferences for all kinds of organizations institutions.

Accessible to people with reduced mobility

Kind of activities: Archiweek & workshop DFA

Kind of activities: lunch/dinner lectures

BAR

AND FOOD

AREA

To combine debate,
conferences and informal
moments of conviviality in
welcoming place

ATRIUM

WITH MULTIPLE FUNCTIONS

A space that can be shaped for small group work, conference, debates, hybrid events, but also shared meals around a large table.

StamEuropa won the [Brussels Architecture Prize 2021](#) in the category ‘Small Intervention’:

«The project creates the conditions for new temporary uses in the largely monofunctional European Quarter. The outcome of a collaboration between a diverse group of radical experts, it promotes architecture’s ability to playfully and collectively imagine another future for the city.» - Konstantinos Pantazis
